Data Sheet
Fujitsu Port Replicators Components

Get connected to all your peripherals in no time.

Flexibility, expandability, desktop replacement, investment protection – to name just a few benefits of Fujitsu's docking options.
Our Port Replicators are the perfect docking solutions for the LIFEBOOK Series and CELSIUS Mobile workstation - our notebooks - to simplify your mobile life. In the office or at home it takes just a second to attach your notebook to the port replicator and get connected for example to your external display, keyboard and mouse. Your workplace is simple and tidy while you are ready to work with your notebook.

Reliability
- High quality and stability
- Everything you need from one source

Ease of use
- Keep your notebook simply connected to all needed peripherals
- One-hand release mechanism*
- Leave your peripherals plugged to the Port Replicator and turn your notebook into a real desktop
- Wide range of interfaces
- Hot docking
- Family port replicator which supports several notebooks over several generations*
- Power-on button- for convenient switch-on of notebook*

*depending on model
